Happy 2019

Welcome to the year Two thousand and nineteen!

Write another way of expressing the year 2019 in words:

2019 is an odd number.

Write down what is notable about each of the digits (e.g. even).

2

0

1

9

- Arrange the digits to make the *greatest* number possible _____
- Arrange the digits to make the *least* number possible _____

2019 Number Challenge!

The digits 2019 add up to 12, but can you write the numbers 1-12 using just the digits 2019 and all the operations?

1	$2 - 1 = 1$
2	
3	
4	
5	
6	
7	
8	
9	
10	
11	
12	

Use only the digits 2, 0, 1, 9* with the operations +, -, x, ÷

*You can use the digits twice or use multi-digit numbers such as 20.

**Join us at Pancras Square Library
on the second Saturday of each month throughout 2019...**
