

Creative maths to do at home

Template text for schools to send home to parents / carers with ideas, resources and links.

Due to the current circumstances, we know that parents / carers are keen to have some ideas to try out at home. Why not signpost families to our creative maths activities? This template could be included in any emails or newsletters you send out with updates regarding school closures/pupils staying at home.

Newsletter Template

Looking for some free activities to try at home over the coming weeks?

Maths on Toast is the family maths charity on a mission to make maths a creative and enjoyable activity for everyone.

You can find their fun, creative maths resources, activities and ideas here:

www.mathsontost.org.uk/fun-maths-at-home

They include:

- A wide range of downloadable creative maths activities
- Maths on Toast Bites, a series of short 'How to' creative maths films – presented by children for children, with accompanying activity sheets.
- Lots more ideas about how to enjoy maths together

Don't forget to share your comments and photos on Twitter, Facebook or Instagram tagging @mathsontost using #PositiveAboutMaths
