

Create a Number Character

Print, copy or trace the template below (or use your own drawing) to design and decorate a number character, then bring it to life by telling the story of your number!

Think about:

- What's special about the number
- Does it belong to a family of numbers e.g. odd, even, prime or square?
- Will your number be a hero or a villain? A goodie or a baddie?

Why's this maths?

You are thinking about numbers as digits and developing your understanding of their values.
